*Monitor weight should be within the weight range of all modular elements that make up the complete monitor mounting solution.

*AWM Heavy Duty 460 Arm (AWM-A46HT) is not compatible with the Wall Channel products (including AWM-W6 and AWM-W35)

*Deep devices (such as all-in-one PCs) and offset VESA locations exert additional leverage that can exceed the capacity of the mount even though the monitor weight may be within the stated range. Please contact Atdec if you would like further information..
