SD-POS-HA

POS desk mount | Height adjustable

A height-adjustable mount for POS, education and public space installations where security and flexibility both matter.

Concealed top-or-below mounting, internal cable routing with multiple exit points, and a lockable quick-release mechanism with integrated security screw.

75 x 75
100 x 100

8kg (17.6lb)
MAX LOAD

Retail POS, education and public space mounting

Height adjustable

Adjusts smoothly between 330 and 450mm (12.99″ to 17.72″).

Touch ready

Adjustable tension settings keep the screen stable when used as a touch interface.

20° ball joint

Display tilt and pan adjustment of 20° in any direction from vertical.

Designed in Australia

Steel and aluminium construction. 10 year limited warranty.

Quick release

Lockable quick-release mechanism with integrated security screw for easy maintenance.

Concealed hardware

Mount from above or below the work surface. All fasteners hidden for theft resistance.

Cable management

Internal cable routing with multiple exit points. Built-in attachment point for cable locking devices.

Dual display option

Upgrade to a back-to-back dual screen setup with the SD-POS-HA-B2B accessory.

10 year limited warranty

Configurations and accessories

Dual display option

The SD-POS-HA-B2B accessory upgrades the mount to a back-to-back dual display setup. Ideal for high density installations where staff and customer-facing screens share one footprint.

SD-POS-HA-B2B

Back-to-back dual display upgrade. Sold separately.

Cable management

Internal cable routing with multiple exit points for clean installations.

Concealed hardware

All mounting fasteners hidden. Cable locking provision built in.
